·Working hour: 4 hours a day

·Salary: N/A

Target

 the one who wants to work foreign country in the future.

• the one who wants to prepare

working holiday.

the one who wants to practice
 English at actual working place.

 the one who wants to know Philippine culture more through job experience.

Package Plan

ESL 8weeks Business English 4weeks Internship 4weeks

To beginners, we strongly recommend you to take ESL first to get basic English ability. Then practice Business English so that you can adjust working environment immediately.

Business English Corse

Business English Corse provide business communication English for you to apply it actual job fields. You can also practice interview and resume writing skill.

Learning Efficiency

You can have 3 hours individual classes in the morning while you have job training in the afternoon so that you can focus on overcoming your weakness that you find through job experience. It is so efficient for you to enhance your practice English skill.

Competitive Advantage

100 hours working experience

Practicum English Training (PET) provides approximately 100 hours working experience (Monday to Friday, 4 hours a day for 4 weeks). Other schools' program only provide around 30 hours working experience because students can have job training only on the weekend. It is quite obvious which program you can enhance practical English skill.

Consultation which is in order to acquire practical English skill efficiently

Since WALES has a small capacity of only 50 students, consultations for students are possible. Consultations allow the student to efficiently use and improve practical English skills as well as English speaking skills. After each consultation, the information is passed on to the management for further student support.

Official Certificate

You can get official certificate so that you can prove your experience when you apply for a job.
